## NEW battery analysers with inbuilt printers!

Made with the engineers in mind, these battery analysers offer quick, practical and transparent reporting.

These multi-functional units test the battery, alternator, starter and vehicle earth via their intuitive graphical menu options on screen, providing a complete health check of the battery and electrical systems in 12V & 24V vehicles.

Results can then be printed using the built-in thermal printer or downloaded to a computer through the USB interface.

### 4-in-1 tests:

- Alternator voltage test to detect battery charging problems
- Battery health check on Lead, AGM, EFB batteries rated up to 2000CCA
- Starter problems check by measuring battery voltage drop during engine cranking
- Earth connections between the battery, engine and chassis check

### Plus:

- Printed results include garage name and address details
- Memory can store up to 80 results via removable SD card

### Additional features of VLC5126

VLC5125

VLC5126

- ✓ Colour screen
- ✓ GEL & LiFePo4 lithium battery testing
- ✓ Extra long cables for single person usage when inside

### Clear benefits that just make sense

- ✓ **Boost Customer Satisfaction:** The inbuilt printer allows stockists to provide customers with instant, detailed reports on their battery health. By offering this quick and efficient service, stockists can enhance customer satisfaction and build trust.
- ✓ **Increase Sales Opportunities:** By demonstrating transparency and sharing battery health reports immediately with the customers, dealers can upsell battery replacements or other services based on the diagnostics, thereby increasing sales opportunities and boosting revenue.
- ✓ **Streamline operations:** Say goodbye to time-consuming manual reporting or waiting to download the reports to a PC! On-the-spot reports save valuable time and increase overall efficiency in the service process.

#### Easy to use:

- Good packaging with hard case to protect tool during storage
- Detailed manual as well as quick guide in English
- Printer is easy to set up and with good quality print out
- Extra roll of printing paper included
- Ergonomically designed - buttons easily pressed with gloves on
- Clamps are well sized to fit over different battery terminals

All Vapormatic quality replacement parts carry an industry leading **12-month parts and labour warranty**. For further information on specific items please visit [www.vapormatic.com](http://www.vapormatic.com).
